Recently I was invited to fly outto Palm Springs to appear on a segment with myf

riend Greg Mantell on his show, "The GregoryMantell Show.

com and putTrackIR in the subject, please.

I was appalled at the price tag and didn't have any suggestions other than it would be far less expensive for his son to take private lessons.

There have been many sad days in aviation, alongwith so many miracles associated with flight.

Her TV showended several years ago, but now she's on theradio and I had the pleasure of being her guestlast Tuesday.

Even a crash like this which seems to have anobvious cause warrants a full investigation.

This isthe first of my planned series of interviews withthe makers of add-on products for home flightsimulators.

Last week I mentioneda TV documentary on CNBC regarding AmericanAirlines.

This is hersecond bout with cancer, the first one havingcaused her to retire from United several yearsago.

He's taping eight shows all in one day,one of which is with a beautician and apparently,since I'll be in the neighborhood anyway, I'm tobe used as a guinea pig for her segment as well.

We're workingon improving the audio quality for futureinterviews.

I still wanted a few thingswith me for the plane ride, however, so I putstuff in my briefcase to carry onboard.

The cover of my book The World At My Fee tis unmistakably upbeat and she reached for it on her bookshelf at home.

"Thattime of year" is quickly approaching, and itreally is one heck of a story.

THANK YOU,Courtney Riecan"Whether you are interested in aviation or not, Courtney's story is already destined to be an inspiration to others so stay tuned.

Although as amatter of fact I do engage in some voiceoverwork, I didn't produce this video and it isn't myvoice.

"No matter how good a schedule a pilot might have,there seem to always be some changes desired, andthat means rather extensive interaction with thecrew desk.

Finally, one crusty oldcaptain at the back of the room stands up andsays, "Is th at EVERY Wednesday?

Greg's been really good about this inthe past.

I'll continue to post new questions, but also at a rate of one every two weeks so I don't get bogged down.

I feltit was worth the aggravation of commuting inorder to fly the airplane I wanted to fly on theroutes, some international, that I wanted to fly.

However, a student loan is something else entirely and it just never occurred to me one could be had for the purpose of learning to fly, but it can, and she went and got the loan she needed.

We'vekept in sporadic touch over the years and I evenbumped into her a few years ago at the terminalin Chicago.

Hopefully you will agree.

Courtney told me there is a large contingent of Chinese pilots sent by one of the Chinese airlines to learn how to fly at the Delta Connection Academy.

Now, on to this week's Update.

I'min no position to judge why this crash happenedand it's inappropriate to jump to conclusions.

So I ordered the Daily Special and the young manstarted piling on meatballs and marinara sauce.

On occasion, United would invite pilots to viewour maintenance operation at San FranciscoInternational and I went over to the hangar towatch some of the process a few times.

Find the MicrosoftFlight Simulator link in the left-hand margin, oryou can just click here:TrackerIR The audioquality is not what I had hoped but it is certainly easy enough to understand.

You can visit Violetthe Pilot at www.

For you flight simmers, I did a telephoneinterview with the folks who make the TrackIR, adevice which offers a rich enhancement of theflight simming experience.

I first became aware of them last summer when I attended the International Flight Simulator Convention here in Denver.

It was a spectacular spread, to say the least.

Also, I tend to leave stuff at home I meant to take with me, like outgoing mail, for instance.

Now, on to this week's Update.

Small thanks for a wonderful stay and memorable Thanksgiving in our nation's Capitol.

This was before cell-phones were popular and I had to ask a White House attendant to use a phone, which they were happy to allow.

But don't hope more than you work.

Look toward the bottom of the page for a photo I took of them when we all met up once at Chicago O'Hare: Photo Album It pulled at my heartstrings to watch an in-depth look at an airline operation.

Colorado Wildlife There are also some new photos of the final approach views to Lindbergh Field, taken out the left-hand window, posted in the San Diego Album.

Al The Web Guy is working on some new things for new content in this area and you'll see some other new additions there under the heading: Great add on for Flight Simulator Cap'n Al Recommends.

Your undying passion for foreign cultures and foreign lands, adventure and flying, is exactly how I have felt since day one.

This is the first of my planned series of interviews with the makers of add-on products for home flight simulators.

Their add-on gives an incredible, realistic experience to the Microsoft Flight Simulator and I highly recommend all of their products, which are very reasonably priced.

Student pilots, however, were obligated to use their own shirt tails to clean their goggles.

We all wanted to be part of it.

If Courtney had asked for a regular loan at her bank I feel quite certain she would have been denied.

View my complete profile Previous Posts A SAD DAY A SAD DAY A SAD DAY Cap'n Meryl taking a London cab for a spin.

Click on any of those links and have a look if you're into simming at all or think you might want to be.

That can make a retired airline captain crabby.

Here once again are the details of the call and Al The Web Guy will post a link to that interview afterwards if you can't make it.

I'll tell you more about all that next week.

She said, "You know, when I was first hired we were issued little white gloves.

It's really fascinating and when they're done, it's like having a new airplane again.

My friend Myrna, a former United Airlines crew scheduler, finally was allowed to go back home after successful surgery for two cancerous brain tumors.

Gregory Mantell, host of the Gregory Mantell show, has invited me once again to be his guest on one and possibly two half-hour segments regarding flying and fear of flying issues.

This time when the pilot asks, she answers, "No problem.

He just called to tell me how proud he was of them as employees and as people.

"There is dead silence in the room while the pilots mull this over.

As it also turns out, Godiva Chocolates had a store in the mall right there at the hotel and I got her a two-pound box of her favorites.

For the past several years, I have been "flip-flopping" around, switching from University's and changing my major several times.

Also, remember Sally Jessy Raphael?

In fact, she did two somethings I would do.

That can make a retired airline captain crabby.

Although we taped in Los Angeles previously, this time we'll be taping at CBS Studios in Palm Springs, so I'm looking forward to that as well as getting my swimming fix at a nice resort hotel there.

Your undying passion for foreign cultures and foreign lands, adventure and flying

g, is exactly how I have felt since day one.

I'll tell you more about all that next week.

We were all unmarried and all had the same goal, which was to build flight time so we could get hired by a major airline.

Bettina is the author of the highly successful children's series "Violet the Pilot."

Well, if you'll just be patient, I'll explain.

Anyone who is interested in flight simming should tune in to this call, and you'll hear how to get a nice discount on the product as well.

com and put TrackIR in the subject, please.

We'll find out if she's up to the challenge.
